Any Other Business:

Council have been to cut the verges on the footpath from the playground through to the Railway Bridge. Previously Community Payback have been able to clean the pathway.

Helen mentioned a group from Haverigg Prison that recently offered a clean up brigade to Parish Councils. This group could possibly trim back the hedges where a tractor can't reach.

ACTION: Helen to ask the Clerk for more details.

Peter volunteered to complete a sponsored walk to raise funds, unfortunately Covid-19 has prevented this from happening. We will follow up with Peter at the next meeting.

Helen and Alastair informed the group of a recent planning application submitted for Cowran Estate, requesting prior approval for camping and caravans. Members of the community are welcome to send in their comments to SLDC or the Parish Council.

Over the past year, car parking within the village has been a hot topic. Before any plans are put in place a community meeting will be arranged by The Parish Council. Relevant bodies, from County Council, Highways, Road Safety and Emergency services, including the community will be invited to attend. The Parish Council will ensure that all views, concerns, suggestions will be heard and the advice provided from the

relevant bodies will be very important to determine a positive outcome for all members of the community. At this meeting we talked about various options including the area close to the farm buildings heading towards Lindal. All options will be tabled at the community meeting. Further questions are to be directed to the Parish Council.
